

Today, the Texas Supreme Court issued an order requiring that three Green Party candidates be added to the ballot for November. These candidates should be added after the Libertarian candidate and before any independent candidates.

David B. Collins is a Green Party candidate for U.S. Senate
Katija "Kat" Gruene is a Green Party candidate for Railroad Commissioner
Tommy Wakely is a Green Party candidate for Congressional District 21

These candidates must be added to the ballot in your county immediately. If any mail ballots have been sent out, then those voters will have to be sent corrected ballots as soon as possible in accordance with Section 86.009 of the Election Code.
