

Gonzales County Road & Bridge
Seismic Work Permit

Permit# _____

Requestor: _____

Date Approved: _____

Work: Begin: _____
End: _____

Permit Fee: \$1,000.00

Cash Bond: \$5,000.00

Requestor's installation shall not damage any part of the roadway structure or associated appurtenances.

Requestor will make adequate provisions to cause minimum inconveniences to the traveling public and adjacent property owners.

If approved, Requestor will assume all risks associated with this installation within the Gonzales County right-of-way. These risks include injuries to their workers and injuries or damage resulting from Requestor's failure to properly install and maintain seismic line.

Requestor will also ensure that traffic control measures complying with applicable portions of the Texas Manual of Uniform Traffic Control Devices will be installed and maintained for the duration of this installation.

Requestor will submit a map of the proposed location of seismic work with County roads affected.

This permit allows Requestor only to cross County roadways with seismic line. All boxes and devices for the seismic line shall not be in County right-of-way.

Requestor at no time will run seismic lines down Gonzales County right-of-way.

With 48 hours notice from Gonzales County, the Requestor will agree to move lines from right-of-way so County can do normal road maintenance. After work is completed, lines may be returned to right-of-way.

In reference to the cash bond, it is to be used for damages to Gonzales County roads caused by the Requestor. If Requestor does not follow the guide lines in this agreement, they will be fined and the money taken from the bond to pay these fines. In reference to fines: 1st offense is \$250.00; 2nd offense is \$1000.00.
